

Warrington Dolphins LDSC

Newsletter : October 1999

Hurry! Hurry! Time is running out to purchase your tickets for the last Annual Dinner of the 20th century! Contact any members of the Committee for further details (note : the menu for the dinner is on the back of this newsletter in case you were wondering what it was).

Anybody wishing to donate raffle prizes for this event please bring them along on the night or pass to Committee members.

As usual, Tony Johnson will be saying a few words (seeing is believing) on the night and so if anybody has any items they would like mentioned relating to Club events or achievements please let either myself or Tony know. These can also be included in the Clubs annual report.

I hope you're making the most of your Sunday lie-ins because on 17th November Sunday training commences from 8.00am to 10.00am. Attendance on Friday evenings is excellent so please support Sunday too otherwise the session may be stopped.

In March 2000 the Northern Counties ASA are holding an Open Water Judge and Time Keeping course in Warrington. Anybody interested in obtaining this qualification should contact Chris Carter for further details (telephone number 01925 824 127).

Congratulations to the Channel Relay team who successfully completed the crossing on Sunday 29th August in a time of 14 hours 17 minutes.

Congratulations also to Michaela and Larry who got married locally in Prague in September and to Stuart Ainsworth for his forthcoming wedding in November.

That's all for now,

Lesley Feakes

ps : don't forget to purchase your tickets for the Annual Dinner.
